Description

This cozy, three bedroom Mediterranean villa is located across the road from the beach in the luxurious neighborhood of Langosta in Tamarindo. Cerca del Mar #1 is part of a development of 10 villas, all with their own beautiful, private pools and private entrances.

The 2000 sq. ft. home is filled with vibrant colors and several enclosed living room areas. The dark cabinets in the kitchen contrast with the white walls and bright windows and door leading to the back patio.

The patio is fully-enclosed with tropical trees and vegetation around the blue-tiled pool and sitting area, combining the comfort of home and the beauty of nature.

The group of villas in this area are considered one of the best investments in all of Langosta, based on the high rental income and re-sale potential.
