Set in Tamarindo, the property is 300 meters from the white sands of Tamarindo Beach, Las Baulas National Park, and the renowned restaurant, Pangas Beach Club. It provides direct access to sand, waves, and fine dining. "Pangas" is named for the small fishing boats anchored in the estuary and offers fine dining in an unprecedented setting with local seafood, steak, and other tropical delights. Walk to the town where you will find over 80 bars, restaurants, boutiques, supermarkets, and medical services. Tamarindo is known globally for its local surf breaks, and combined with championship golf courses, sportfishing, and diving at the Marina Flamingo, there is never a shortage of recreational activities nearby. The Guanacaste International Airport (LIR) is approximately one hour from the property. El Tesoro de Tamarindo is the highest-end gated community in town. It includes a gated entrance, and its extensive infrastructure includes underground utilities and a wastewater treatment plant. The highest-valued luxury residences in Tamarindo are built here with single-family homes values ranging from \$3,000,000 - \$2,000,000. El Tesoro is governed by covenants, conditions, and restrictions that will ensure the future management of the community and protect your assets there. Nestled into a quiet corner of El Tesoro, this property is privileged to offer lovely ocean views without the need to drive up the mountain. Check the surfing conditions over a morning coffee from your balcony, as this property offers a direct view of the white water and waves and Las Baulas National Park at Playa Grande. The property is also buffered by two "no build" green zones which allow further privacy and the enjoyment of howler monkeys, iguanas, parrots, and a plethora of local wildlife. Native specimen and fruit trees include Mango, Guarumo, and Guanacaste trees. Discover a masterpiece of modern luxury living in this newly designed architectural gem by architect Sebastien Verniers Architecture.
