

PLAYA LAGARTILLO LOT

<https://rpmrealestatecr.com>

Build Your Dream Home in Stunning Playa Lagartillo This generous, unspoiled land in Playa Lagartillo is only 600 meters from the beach. Already appointed with public water and electricity, this 6527m2 (1.61 acres) lot is the perfect location for building your dream home or investment property. This gorgeous property has a magical feel to it. It is covered with trees and vegetation. If you are looking to escape it all and be one with nature, this is the perfect lot for you! While on the lot, you hear only the sounds of the tropical birds and monkeys. The back of the property is bordered with farmers fields and an incredible majestic guanacaste tree. Across the main road is a large undeveloped piece of land, which means there is plenty of wildlife in this area. You may just see a deer, coati, anteater, iguana, or fox cross your path! Playa Lagartillo is a beautiful and secluded beach on Costa Rica's Pacific coast where you can enjoy a more natural experience, far from crowds and noise. It is a great spot to cool off in the water or to go watch the sunset. It is also minutes away from Playa Avellanas and Playa Negra which hosts some of the world's best surfing spots.
