

RANCHO VILLAREAL ESCONDIDO ENTRANCE FLAT LOT

<https://rpmrealestatecr.com>

Rancho Villareal is a Gated Community well located close to Tamarindo Beach (7min), in Villareal, and a great development with all infrastructures already installed. 24/7 security, large paved roads, underground electric network, gorgeous club house, and smart subdivision of the entire project make it one of the best gated communities in the middle of the best beaches of the area. The Escondido section of Rancho Villareal is the low density part of the project, where every lot is a forest of more than an acre. Local trees are part of every construction project, they make the surrounding of your future house as well as one of the materials you will use to build and decorate your dream home. More than 10 luxury houses are already built in Escondido. Lot #59 is located at the entrance of Escondido, really flat it is ready to build. The electric meter is installed and the lot has a valid water letter necessary to get the construction permits. A lot of Teks on the property are waiting for your choice to be used in the construction or to be part of your garden. Call Antoine for showings or info at +506- 8333 8807
